

## Phone Tree Information

An emergency contact “phone tree” will be created, and distributed to parents before we leave on our tour. **It is important that you provide current phone numbers, where you can quickly be reached.** If an emergency should occur, EF Tours will activate this phone tree by calling the name at the top of the list. Each person on the tree is expected to call the person listed below their name.

This information will not be shared, only given to the other parents who are listed on the tree.

\*Please fill out the following information, and return to Ms. Taylor at the March 30th meeting.
